THE DATALEND API ADVANTAGE

- Instant access to the DataLend ecosystem
- Simplified integration to your business intelligence tools
- No expensive or time-consuming storage and ETL process to maintain
- New data fields are instantly accessible
- Daily extracts of all securities on loan and lendable
- Two years of data included, with additional history available on request

NOTES FOR DEVELOPERS

- Up-to-date RESTful API architecture implemented on scalable, cloud-based technologies
- Built with HTTP Web standards for direct compatibility with open-source libraries in many software languages
- Sub-second response times, ensuring a consistent and swift experience
- Well-formed concrete nouns for the securities lending industry and standard HTTP verbs for the request
- All queries are executed over HTTPS, ensuring secure communication
- Authentication and authorization based on latest OAuth 2.0 standards
